Subject LABEL COPY G- 7061F

Attention Miss F. Coles
Bridgeport.

Replying to your letter of the 6th inst. relative to our record G-7061F being a "W" recording, there is nothing in our files here to indicate that Okeh record 28025 is or is not a "W" recording.

However, this record was released by the Okeh Company in 1927 which is about three years after we started making electrical recordings and the natural assumption is that this record was also electrical.

In view of the fact that the Okeh record has been on the market for about four years, it is just as well to let the Columbia record go through as not a "W" recording.

GEO. W. WHITE.
